

RUSSELL THOMAS TEMU

Chaga chieftan;
African teacher;
Warrior prince;
Guide of sprit and earth.

You invite us to view,
feel and sense
your homeland...
your soul-land...
through your heart.

Your love for all...
the animals, the land,
the people...of all different tribes,
coats us in the sweet nectar
of your abundant wisdom.

Thank you for graciously sharing
YOUR Africa with us pilgrims.
Thank you for generously gifting us
with your perceptions and insights.
Thank you for pointing and
naming the invisible,
making it visible to our virgin eyes.
Thank you for your gentle, giant,
protective presence.

Truly...you are our Cheetah Man!

With Love and Appreciation,
Seena, Chere and Shanti
